Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or fairly suggest singularly or in combination a skipping rope consisting of handles having a flexible material there between. The handles being substantially "T-Shaped, and consist of an elongated portion attached to one end of the flexible material and a portion transverse portion has two subportions, one being of greater extent than the other".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kurt Mascuff on 12-9-05.

In claim 1, line 4, delete "the rope" and insert in its place ---flexible material---.

In claim 5, line 2, delete "swivllably" and insert in its place; ---swivellably---.

In claim 5, line 2, delete "thereof" and insert in it's place, ---thereof---.
